

Training and Placement cell

The main objective of our training and placement cell is to embed in the students a professional outlook, leadership qualities, motivation, commitment and dedication with exceptional communication and interpersonal skills. It establishes a personal rapport with students to help them develop an educational plan and guide them through out their academic span, ultimately resulting in the realization of their career goals. The cell is managed by a professional team and works round the year to ensure successful and respectable placements. The excellent infrastructure facilitates different activities of placement like pre-placement talks, written tests, group discussions and interviews as per the requirements of the organizations.

Training for placements

Training and Placement is an integral part of any engineering graduate seeking the right perspective and orientation before entering the job market. Multinational companies are in need of well groomed graduates with the right mix of academics and soft skills. Our students are provided with extensive training to enhance their generic skills like communication, inter-personal relation, innovative and creative thinking, personal attributes etc by reputed professional training institutions.

Campus placements

The Cell was helpful in the placement of hundreds of students in many prestigious companies in the country since its inception. Some of the noteworthy companies that visited our campus are IBM, Infosys, TCS, Deloitte, Accenture, Sutherland Global Services, Capgemini, Cognizant, Just Dial, Tech Mahindra, HCL, Agility Global Integrated Logistics, ICICI, Amazon, etc.

Career Guidance Cell

The career guidance cell is a source of information for guiding and counseling the students to provide training / learning opportunities in the areas of scholastic career and individual development. It provides worthy services in guiding the students for Interviews, Job Placements and training programmes which enable them to develop skills required to cater the needs of competitive world. The Cell organizes different programmes such as Seminars on Personality Development, Interpersonal Relationship, and Communication Skills for improving the latent skills of the student. It also Supports the students in identifying their interests, strengths and planning appropriately to justify their professional needs.

VISION
Aurora envisions 'to make itself synonymous with learning'.
We aim to equip our students with a perfect combination of
profound knowledge with humane values.

TEQIP - II INSTITUTION
(FUNDED BY WORLD BANK)

MISSION

- The academy is devoted to academic distinction, research, scholarship and service.
- The Academy's hallmark is its cultural engagement that bridges theory with practice, unites the learning process beyond the classroom and promotes holistic growth and success.
- The mission of teaching faculty is dedication to excellence in teaching and the development of a fertile environment conformed by the outstanding ideas, high academic expectations and individual responsibility for academic success and achievement.
